

Technical Rider

Hêtre

Outdoors, under a tree

General

Length: 25 minutes Audience: max 500 persons

Maximum 2 shows per day (min. 1,5 hrs between shows) The public can be seated 360°.

Space

We need a rigging point in a tree at minimum 4,5 meters high and minimum 2,5 meters away from the trunk.

A minimum floor space of 6 metres diameter is required.

The location should be level and flat. We can play on a mowed lawn.

We need a carpet of 5X5 meters and a tarp of 6X6 to protect the floor against rain.

Sound & light

The festival will need to supply an adequate sound system with 4 speakers behind the audience. We need 1 stereo mini-jack connection.

We can play at night.

The festival will have to take care of the lighting.

-1 profile 1 Kw (713sx 29°/50°) with gobo holder

-4 PAR with 2 floor stands

-1 dimmer

Backstage

We need a private/secure place where we can warm up and change near to the performance area, with toilet and preferably a shower.

Please provide fruit and water backstage. We need 1 clothes iron and board.

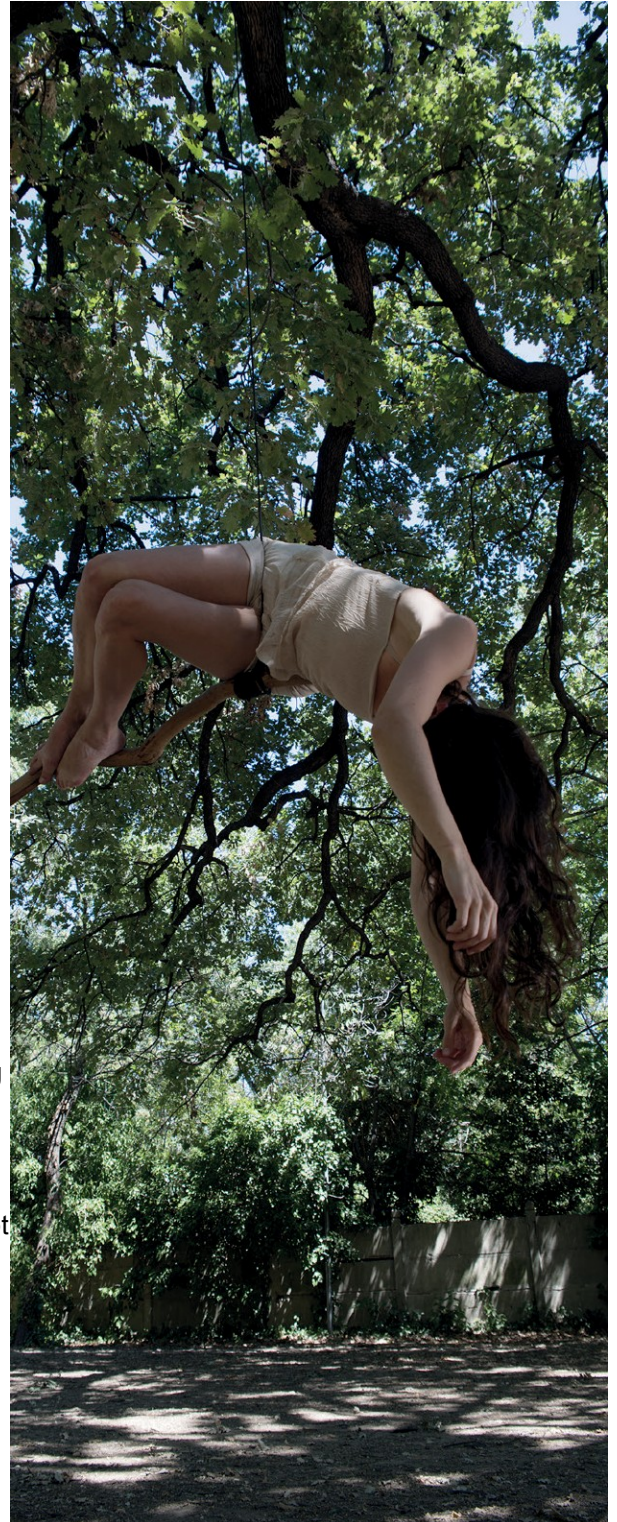

Set up/Break down

We need 1 sound/light technician during 3 hrs to help with the building of the set. Set up, 3 hrs. Break down, 1 hr.

Travel, Meals & Hotel

People on tour : 2 people by plane, train or car. (Not all airlines accept our 2 meter long branche !)

We are one vegetarian and one carnivore. We need 2 single rooms.

Before we arrived, the technical manager need to provide us one or fews photos of the tree used for the representation, on which the height of the hanging point on the tree branch and the distance from the trunk appear as clearly as possible.
